## Case Studies

**Breadwinners** were looking to address the issues surrounding unemployment in disadvantaged communities and help people at the bottom of the labour market into self-employment. With an award from the People's Postcode Trust they provided training in how to run a business from managing finances to health and safety.

**Quarriers** challenge poverty and inequality of opportunity to bring about positive changes in peoples' lives. They received funding from People's Postcode Trust for a purpose built sensory room at their centre for young people with complex needs.

**Southampton Action for Employment** received funding to provide a training programme reaching out to people linked to substance misuse or petty crime. The course empowered people to make good choices for themselves, increasing their confidence and motivation, enabling them to take control over their lives, re-engage with their education, get into work and achieve their goals.
